

**DIRECTIONS FROM JUDGE WILLIAMS:**  
**CLARIFICATION MEDIA EXHIBIT ACCESS**

" The following clarification will apply. Where the exhibit to which the media seeks access is a document, "view only" will continue to mean that the media may view the document but may not copy it or publish its content. Where members of the media seek to publish the content of a document, they shall specifically identify those portions they seek to publish in the media access application form. The Court will then tailor the appropriate exhibit access order."
